

My family and I are inspired daily by a Christian Radio Station, K-LOVE, in the Midland Area and know that this station also inspires many in our community. We need to maintain this type of station that plays music 24 hrs /day that sends a message of Jesus, that we all need to hear on a daily basis. It is encouraging to think that the driver next to me may be thinking on Jesus than on something that may cause a raucous scene or a rage. I request the opportunity to support stations that not only uplift me but others that need it as well. Thanks, Kirk Hobbs
